

**REMARKS / ARGUMENTS**

The action by the Examiner in this application, together with the newly cited reference and the Examiner's comments have been considered. Applicant acknowledges with thanks the Examiner's comments and proposed changes to overcome the objections under 35 U.S.C. Section 112, second paragraph.

In Response to the Examiner's comments, claims 1, 12, 13, 14, 17 and 19 have been amended, and claim 18 has been canceled. Specifically, claims 1, 13 and 17 have been amended to delete the term "first." Minor corrections have also been made in line 11 of claim 1 and in line 3 of claim 12. Claim 14 has been amended to delete the first occurrence of "cavity" and to replace such term with the term "space." Likewise, the last paragraph of the claim has been repositioned and the phrase "chemical delivery" has been added to the claim to eliminate any confusion. It is believed that the foregoing amendments place claims 1-16 in condition for allowance. Claim 17 has been amended to include the limitation set forth in claim 18. Based upon the Examiner's comments, it is believed that claim 17 is now in condition for allowance. Claim 19 has been amended to be dependent upon claim 17. It is therefore believed that claims 19 and 20 are now in condition for allowance. Favorable action is therefore respectfully requested.

Respectfully submitted,
